Step 3

Click on **Generate Embed** link on the *Generate Embed* page

Step 4

Select profile to generate (**Restricted** will only be accessible within DFAT's ICN, **Public** will be available externally, however if the assets in the album are not public assets, they will not display in the embed album).

Step 5

Once you have selected your profile, click **Generate** link.

Step 6

Copy the relevant code required depending on your intended use.

Example embed link:

<https://multimedia.dfat.gov.au/embeds/public/b79c50dc-06fe-4fc1-a2fc-2972d1cceb9/>
